

# Pioneers Home, Arizona

## Description

The Arizona Pioneers' Home, which was opened for residents in 1911, presently is the home for 150 Arizona pioneers and disabled miners. The employees provide direct nursing care and support to the residents and strive to meet state and federal nursing home standards. The home is inspected each year by the Arizona Department of Health Services Nursing Home Surveyors.

## IT Vision

By 2003, AZ Pioneer's Home have a internal LAN system.Replacing the AS 400 in Phoenix and connected to mainframe for HRMS-AFIS and capable of using State wide e-mail and internet services. Contracting with an out-side provider or placing on the internal server all nursing systems, while connecting all departments to the system.

## IT Mission

The purpose of our IT Function is to provide State of the Art data processing support for Nursing operations, human resources, and accounting functions.

## Goal 1

Update our current stand alone PC with a LAN system to provide easier access to medical records for our nursing staff.

### Objective 1

Get systems networked by end of FY 2003

#### Current Situation

9 stand alone PCs, windows 3.1, 2 286 PCs, 2 Dumb Terminals

#### Performance Measures

- 1 Connected to ADOA Wide Area Network by June 30, 2003.

Status Complete

|                 | Target 03 | Actual 03 | FY 04 | FY 05 | FY 06 |
|-----------------|-----------|-----------|-------|-------|-------|
| Category: Input | 1         | 1         | 0     | 0     | 0     |

- 2 Medical Records software implemented by the end of FY 2003. On hold because of lack of funding and not finding a good software replacement.

Status On Hold

|                 | Target 03 | Actual 03 | FY 04 | FY 05 | FY 06 |
